

Self-Care Assessment

Self-care activities are the things you do to maintain good health and improve well-being. You'll find that many of these activities are things you already do as part of your normal routine.

In this assessment you will think about how frequently, or how well, you are performing different self-care activities. The goal of this assessment is to help you learn about your self-care needs by spotting patterns and recognizing areas of your life that need more attention.

There are no right or wrong answers on this assessment. There may be activities that you have no interest in, and other activities may not be included. This list is not comprehensive, but serves as a starting point for thinking about your self-care needs.
